Branchy tells the story of the first lightning strike – the moment fire met wood, creating a light that endured even after night fell. This product line transforms raw energy into a delicate interplay of crystal and metal. Sleek tubes stretch like branches reaching for the sky, their surfaces reflecting the soft, diffused glow of the sandblasted elements.

Colours & Shapes

* Standard overall height of pendant (including cable) is 2500 mm / 98,43 in. The cable can be adjusted by shortening the wire.

** All glass components are handmade - exact dimensions & colour can vary slightly.
