CHARM

Designed by Sara Moroni

INSTALLATION GUIDE

The combination of elegant, clean geometric shapes and understated details creates a truly magical effect. The Charm product line features a glass sphere that appears simple at first glance but conceals a captivating secret. Reminiscent of a reflective jewel, it contains a second, glowing sphere that is revealed when illuminated. The light passes through the glass, creating a stunning and unexpected new shape.

SANS SOUCI

Risks of Uncertified Manipulation and Use of Unauthorized Components:

1. Loss of Warranty

Product Warranty:

The warranty remains valid only when the manufacturer‘s guidelines for use and maintenance are strictly followed. Any intervention by unqualified personnel or the use of unauthorized components will immediately void the warranty.

Warranty Terms:

The warranty terms explicitly state that any unauthorized tampering or the use of unauthorized components will result in the immediate termination of the warranty coverage. Consequently, any defects or issues resulting from such actions will not be eligible for repair or replacement under the warranty.

2. Security Risks

Electrical Standards:

Our products are designed and rigorously tested to comply with all relevant safety and electrical standards. Improper operation may violate these standards and create a risk of electric shock, fire or other accidents.

Risk of Injury:

Using unauthorized components can cause the product malfunction, significantly increasing the risk of severe hazards, including fire or electric shock.

3. Performance and Reliability Degradation

Professional Intervention:

Our technicians are highly trained and certified to work specifically with our products. Unauthorized or unprofessional intervention can cause significant damage, leading to performance degradation and subsequently lead to costly repairs.

Compatibility:

Only authorized components are tested and approved to ensure full compatibility with our products. The use of non-original components may cause malfunctions, reduced reliability, or complete non-functionality of the product, compromising both performance and safety.

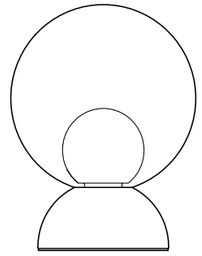

4. Professional Service and Support

Professional Service:

Our technicians have the specialized training and certification required to work with our products safely and effectively. Any intervention by unqualified personnel can cause significant damage, leading to additional and costly repairs.

Technical Support:

Using authorized components guarantees full access to our comprehensive technical support and services. The use of non-original components severely limits our ability to provide effective support.

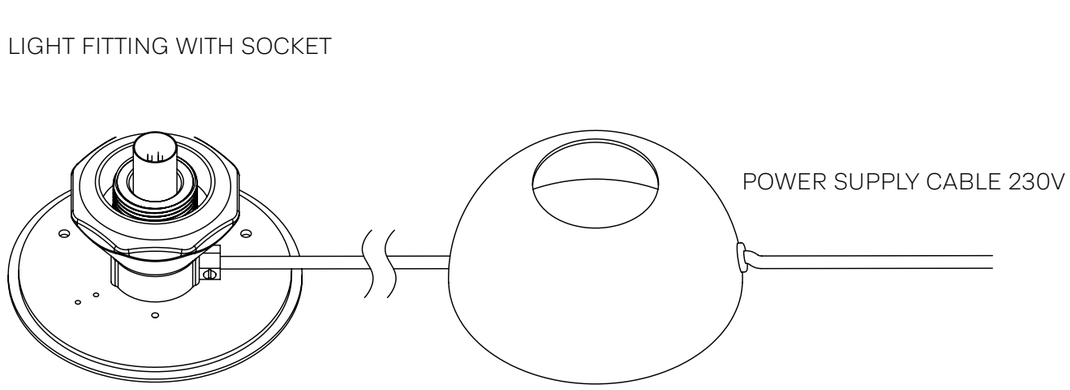

TECHNICAL DETAILS

Main glass sphere:	Aurum/Argent/Rose nanocoating with 25% or 50% transparency
Inner glass sphere:	Clear with sandblasting
Glass base:	100% Aurum/Argent/Rose nanocoating
Metal parts:	Polished stainless steel / Polished stainless steel with gold lacquer
Usage:	Indoor

ELECTROTECHNICAL DETAILS

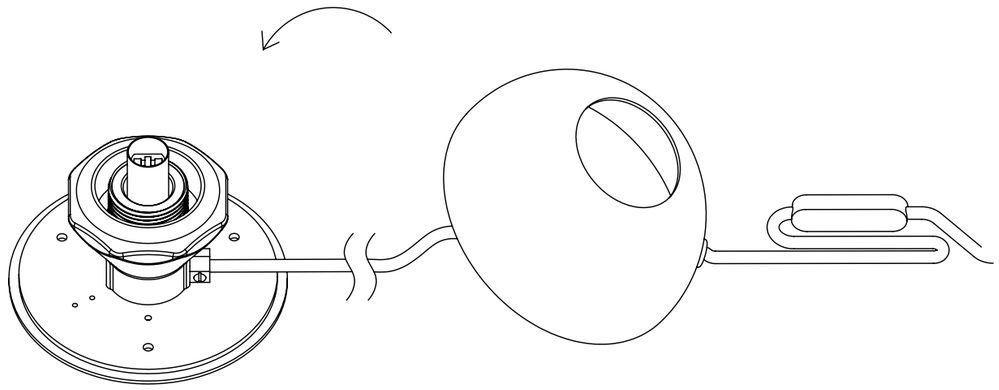

Cord color:	Cable with black braid
Cord length:	1800 mm / 70,87 in
Light source type:	1x G9
Socket:	Conventional source
Light source included:	Yes
Color temperature & Dimming:	2200 k / Dimmable (recommended color temperature)
Input voltage:	220-240 V, 50-60 Hz / 110-120 V, 50-60 Hz
Rated power:	max. 4,5 W
Protection rating:	IP20

*The cable length can be adjusted by shortening the wire.
If you require a longer or shorter cord, please reach out to your salesperson for assistance.

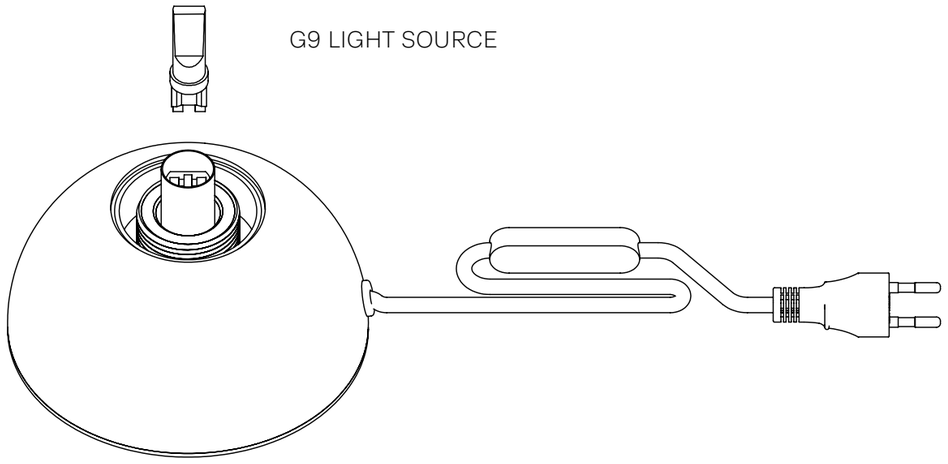

DETAIL

In the package, you will find the pre-assembled lamp base with a socket, power supply cable and glass base.

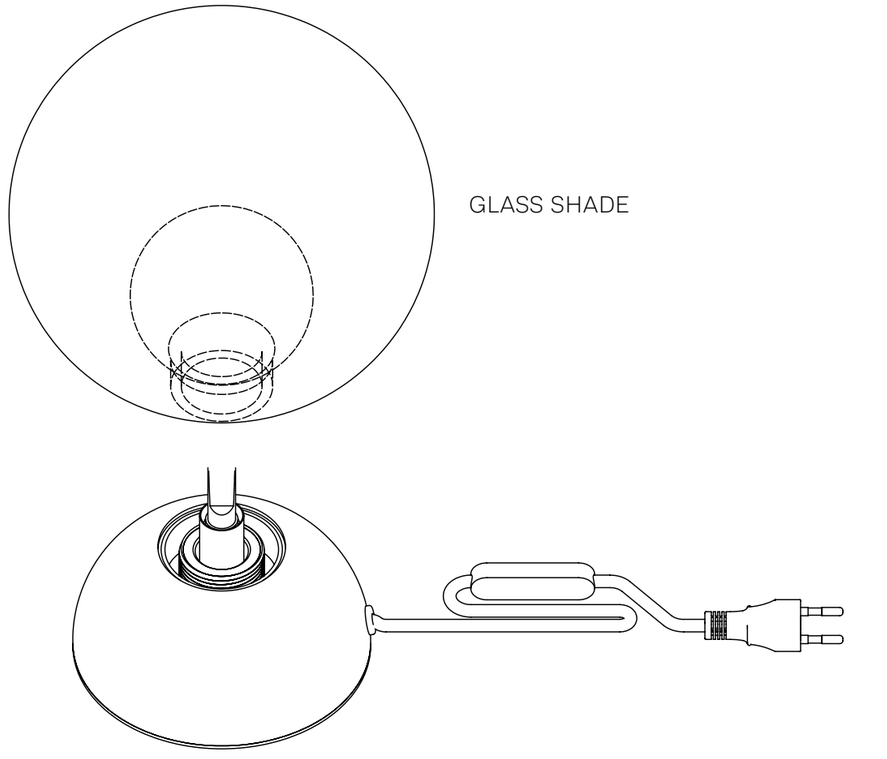

DETAIL

Place the glass base on to the lamp base.

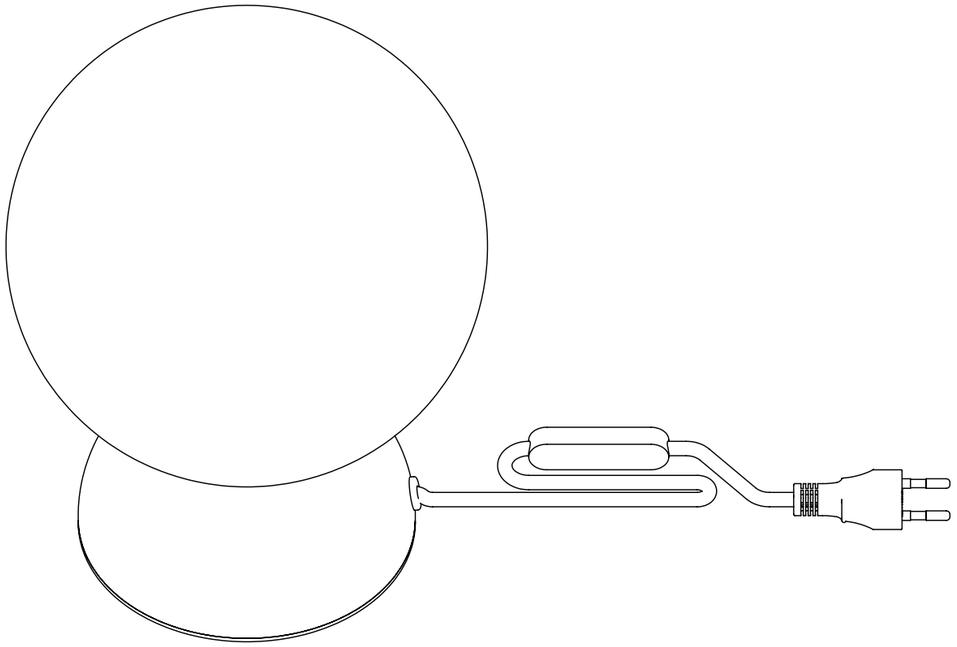

DETAIL

Insert the G9 light source into the bulb socket.

DETAIL

Screw the glass shade onto the lamp base.

DETAIL

Ensure that all parts are securely fastened, then plug the lamp into a power outlet.
