EPLI MINI ST

230V MAX. 1 x 12W G9

Assembly instructions

WARNING: Assembly lamp with the power off.
1. Remove the upper bezel of the lamp. To remove it, turn it counterclockwise.
2. Fix the light source in the holder inside the lampshade.
3. Tighten the bezel at the top of the lamp shade.
4. Connect the lamp to the power supply.

WARNING !!!!
Do not move the lamp by holding the top piece.
This may cause damage to the lampshade.

Used or broken electrical equipment must not be thrown into the trash bin together with other waste. Used device should be taken to a point of separate collection of municipal waste or a point of utilization of electrical equipment. Proper waste segregation is a very important aspect of environmental protection and must be strictly observed.

WARNING: The installation should be performed by a qualified electrician.
