KELLO B

230V MAX. 3 x 12W G9

Assembly instructions

WARNING: Assembly lamp with the power off.

1. Install the lamp mounting bracket on the ceiling.
2. Attach the wire grippers to the ceiling.
3. Insert the ends of the steel cables into the cable brake.
4. Insert the brake into the foot of the lock, let the end of the cable out through the side hole in the foot cut off the excess cable with pliers. Tighten the brake lock to prevent the cable from accidentally slipping out of the brake.
5. Connect the power cables to the connection block, tighten clamp screws, close the connection block.
6. Slide the canopy onto the mounting arm so that the holes on the arm and the canopy are aligned. Tighten the screws.
7. Install the light sources in the bulb holders.
8. Tighten the lampshades.

Used or broken electrical equipment must not be thrown into the trash bin together with other waste. Used device should be taken to a point of separate collection of municipal waste or a point of utilization of electrical equipment. Proper waste segregation is a very important aspect of environmental protection and must be strictly observed.

WARNING: The installation should be performed by a qualified electrician.
