MALUMI A

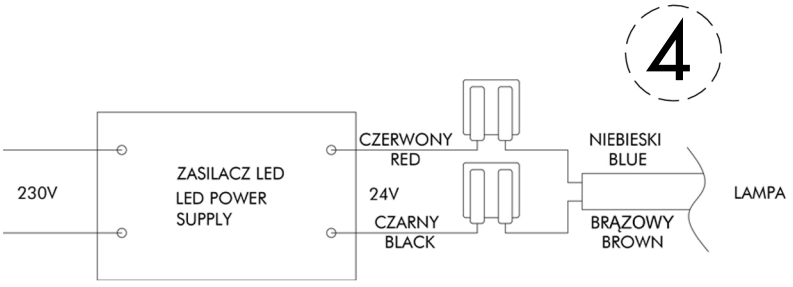

230V LED 24W

Assembly instructions

WARNING: Assembly lamp with the power off.
1. Fix the mounting bracket on the ceiling, unscrew the nuts to attach the lamp.
2. Insert the power cord into the canopy through the grommet.
3. Put the strap through the wings in the lamp, then install the other end of the strap in the canopy.
4. Connect the power supply to the luminaire according to the diagram.
5. Slide the canopy onto the mounting bracket and tighten with nuts.

Used or broken electrical equipment must not be thrown into the trash bin together with other waste. Used device should be taken to a point of separate collection of municipal waste or a point of utilization of electrical equipment. Proper waste segregation is a very important aspect of environmental protection and must be strictly observed.

WARNING: The installation should be performed by a qualified electrician.
